Gentlemen:

Attached in duplicate (to each office) is a well location plat (C-102) with an ownership plat for the above referenced well.

Due to road on North side running NE and SW, cliffs on the other side and pipeline on North side, this location does not meet state spacing requirements. This is the only geologic and topographic site acceptable.

Pursuant to the authority of Rule 104-F, we respectfully request your approval of an exemption to the standard well location requirements.

Very truly yours,

TENNECO OIL COMPANY
