Attached please find a copy of a right-of-way map and a letter from the Bureau of Reclamation.

Edwards Energy Corporation has applied for an underground crossing of the Burnham Canal in order to connect the subject well. Our request for an above ground crossing was denied. We returned an executed Easement Encroachment Agreement to the Bureau of Reclamation over a year ago and have never received a response. It seems approval is needed from the NAPI. We will follow up with the Bureau of Reclamation and NAPI offices.

Edwards Energy Corporation respectfully requests a 30-day extension in which to report back to you the status of our underground crossing and time frame to drill the tunnel and connect the subject well.
