RE: 200' Stipulation
Supron Energy Corporation
Hodges #17
NE SE Sec. 21 T26N R8W
San Juan County, New Mexico

Dear Mr. Sims:

The above-captioned well location was staked at 1420' FSL & 1030' FEL and is only 100 feet from the south line of the NE $\frac{1}{4}$ SE $\frac{1}{4}$. The location was staked there due to topographic difficulties.

An exception to Rule 104F is being filed with the New Mexico Oil & Gas Conservation Commission.

Thank you.

Sincerely,
