REF: Lively No. 17-E  
Unit H, Section 1-T26N-R8W  
San Juan County, New Mexico

Dear Mr. Ramey:

Due to terrain problems the above-referred-to location has been changed as follows:

FROM: 2300'FNL, 1180'FEL  
TO: 2390'FNL, 1270'FEL

The original unorthodox or non-standard location was approved by Administrative Order NSL-1237.

The information concerning ownership of offsetting leases and plat identifying the topography necessitating the non-standard location was submitted with the original application. Due to the small change in location footage, this information is not being submitted with this request for approval of change of location.

Copies of this request for approval of change of location are being submitted to all offset operators by certified mail with a request that they furnish your office with a copy of a waiver of objection.

Very truly yours,

Ewell N. Walsh, P.E.  
President
