Dear Mr. Stamets:

This is a revised request for administrative approval for an unorthodox gas well location in the Blanco Mesa Verde Pool.

It is intended to locate the El Paso Natural Gas Company's Luthy A #4 at 2250' from the North liner and 1610' from the East line of Section 1, T-26-N, R-8-W, San Juan County, New Mexico.

Extremely rough terrain in the form of very sheer cliffs makes it impossible to build an orthodox location in the northeast quarter of this section.

A copy of this application is being submitted to all offset operators by certified mail with a request that they furnish your Santa Fe office with a Waiver of Objection, and return one copy to this office.

Plats showing the proposed well location and the terrain in Section 1, along with an ownership plat, are attached.

Sincerely yours,

G. W. Brink

Project Drilling Engineer
