RE:

Allocation for Downhole Commingling

San Juan 28-7 #147M API#30-039-26667

O, Sec. 9, T27N, R7W Rio Arriba County Blanco Mesaverde 72319 Basin Dakota 71599

Mr. Chavez

The Mesaverde was tested in this well July 30, 2001. The Dakota was tested July 31, 2001. This well was commingled in the Mesaverde and Dakota on September 27, 2001. Conoco Inc. requests that production from this well be allocated as indicated by the test data below:

	MCFD	BOPD	BWPD	GAS%	OIL%
DAKOTA	1650	0	1	60	0
MESAVERDE	660	0	0	40	0
TOTALS	2310	0	1	100	0

No oil was produced during the flow test, so any oil production is suggested allocated using the same percentages as for the gas.

If you need additional information please give me a call at (281) 293-1005. Thank you for your time.

Sincerely

Deborah Marberry
