Farmington, New Mexico 87401

Attention: Robert C. Frank

Administrative Order NSL-2343

Gentlemen:

Reference is made to your application for a non-standard location for your Starr No. 4A well to be located 2155 feet from the South line and 1560 feet from the East line of Section 6, Township 26 North, Range 8 West, San Juan County, New Mexico. The E/2 of said Section 6 shall be dedicated to the Blanco-Mesaverde Pool.

By authority granted me under the provisions of Rule 104 F(I), the above-described unorthodox location is hereby approved.

Sincerely,

A handwritten signature in cursive script, appearing to read "William J. Lemay".

Re: Unorthodox Location
Starr 4A
2155' FSL & 1560' FWL
Section 6-T26N-R8W
San Juan County, NM

Dear Mr. LeMay:

Union Texas Petroleum requests administrative approval of an unorthodox location for a Blanco Mesaverde completion. The basis for our request is for topographic reasons. The standard location we desired in Unit J placed the wellbore in a large arroyo.

No offset operators have been notified as we are moving the location to the north and will not affect any other operators.

Very truly yours,

Robert C. Frank
Permit Coordinator
