13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Per our Sundry Notice of January 19, 1999, we have completed our evaluation of this well and determined that the microbe treatment would have a reasonable chance of success to make an economic well. Edwards Energy Corporation respectfully requests a sixty-day period in which to design and perform the treatment and put the well into production. If the treatment is not successful, we will promptly plug and abandon this well.
