(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

This coal well has a high water cut. It is intended to de-water the interval by installing pump and rods. Once a sufficient volume of gas is realized, it will be connected to the gathering system.
