13. Describe Proposed or Completed Operations (Clearly state all pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Pursuant to approval for water injection, Giant Exploration & Production Company intends to convert this well to water disposal in the Lower Gallup formation. This well's perforations (5223'-5234') will be acidized with 500 gallons of 15% HCl. Water injection will occur through 2-3/8" tubing set with a tension packer at 5175'. Injection tubing string will have an internal coating of PVC. This well's casing will be tested to 1000 psi prior to commencing injection.

14. I hereby certify that the foregoing is true and correct
