West Bisti 32-K #1, K-32-26N-13W (Tank Drain/Separator Pit)

Dear Mr. Corbett:

Field inspections conducted on May 12, 1993 revealed that the above mentioned pits have been closed or replaced with a netted above grade fiberglass tank as per requested. The pits are now in compliance and no longer require a C-134 variance.

If you have any questions please feel free to call this office.

Yours truly,

*Dianna K. Fairhurst*

Dianna K. Fairhurst  
Deputy Oil & Gas Inspector
