Gentlemen:

Enclosed are your Applications for Permit to Drill (APD) well No. 10 Oxnard "B" Com. Section 14, T. 27 N. R. 8 W, San Juan County, New Mexico, lease NM-03606 and well No. 11 Hammond W. N. Federal, Section 34, T. 27 N. R. 8 W., San Juan County, New Mexico, lease SF-078480. As discussed with Jennifer Ritcher of your company on February 6, 1992, the subject APDs are rescinded and returned due to drilling not being commenced within one year of the approval date.

You are required to request surface rehabilitation instructions from this office if construction activities occurred on the referenced drill site. If this office does not receive comment within 30 days, we will presume that no construction occurred and proceed accordingly. Later discovery that construction activities have in fact occurred, may result in assessment of liquidated damages.

Sincerely,

John L. Keller
Chief, Branch of Mineral Resources
