13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Request continuation of long term shut-in status. A decision on conversion of the subject well to injection service is postponed pending the outcome of attempts to convert wells within the West Bisti Unit to injection. Difficulty in conversion of wells within the unit have been compounded by NAPI surface control and USEPA regulations.
