13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

We ask that the continued shut-in status of this well be continued. We are investigating the possibility of a completion in the Menefee Coal or conversion to a salt water disposal well in the Point Lookout Mesaverde interval. The production casing is well cemented and no water zones are endangered. We ask that additional time be allowed to complete our study.
