12. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

SG Interests drilled the referenced well but it has remained uncompleted. On September 3, 1997 an extension of the completion was granted to 1-1-98. Negotiations with the Navajo Tribe are ongoing for compensation for ROW damages. After meeting with the Tribe, a verbal agreement has been reached, that is currently being approved through the Navajo Council. We request an extension of the non-completed, shut-in status for this well. Once the written agreement with the Tribe is secured, the well will be completed and gas sales initiated.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
