Attention: Mr. E. S. Oberly

Administrative Order NSL-210

Gentlemen:

Reference is made to your application for approval of an unorthodox well location for your San Juan 28-5 Unit Well No. 40 to be located 1150 feet from the North line and 2000 feet from the East line of Section 27, Township 28 North, Range 5 West, Blanco-Mesaverde Pool and Dakota Producing Interval, Rio Arriba County, New Mexico.

It is our understanding that this unorthodox well location is based upon extreme topographic conditions in the NE/4 of said Section 27.

You are hereby granted an exception to Rule 2 (a) of Order R-1287 and to paragraph (c) of Order R-110, as amended by Order R-397, for the above-described unorthodox well location.

You must also obtain like approval from the U. S. Geological Survey if the well is located on land subject to the jurisdiction of the U. S. Geological Survey.

Very truly yours,

A. L. PORTER, Jr.,  
Secretary-Director

OIL CONSERVATION COMMISSION

P. O. BOX 871

SANTA FE, NEW MEXICO

Enclosed for you are

1. 1959 National Oil Company

P. O. Box 871

Santa Fe, New Mexico

Attention: Mr. J. H. Smith

Dear Mr. Smith:

Gentlemen:

Enclosed is a report to your organization on the results of a geological well location for oil and gas in the Santa Fe area. The well is located in the Santa Fe area, near the intersection of Section 17, Township 12 North, Range 2 East, and the Rio Grande. The well is located in the Santa Fe area, near the intersection of Section 17, Township 12 North, Range 2 East, and the Rio Grande.

It is our hope that this report will be of some assistance to your organization in its search for oil and gas in the Santa Fe area. The well is located in the Santa Fe area, near the intersection of Section 17, Township 12 North, Range 2 East, and the Rio Grande.

You are hereby granted an exclusive right to the use of the well for the purpose of oil and gas. The well is located in the Santa Fe area, near the intersection of Section 17, Township 12 North, Range 2 East, and the Rio Grande.

Very truly yours,  
W. S. Geological Survey
