Re: Supplement NW 4694
Egan # 5 Hammond

Letters 4-30-59 and 5-5-59

Dear Elvis:

I agree that re-classification to non-marginal should be effective 2-26-59.

However, the April and May schedules show production for February 414 MCF and March 4672 MCF or a total of 5086 MCF. Does subject supplement indicate all that production in February, or should the remark be as follows:

"Production charged as of March (5086)"?

Yours very truly,

A. R. Kendrick
