Re: Amerada Petroleum Corporation  
Navajo Tract 4 #1  
C-20-27N-17W

Dear Chuck:

The referenced well is completed as a dual completion. We do not have form C-102 for each zone showing the dedicated acreage. The well need not be spotted; just outline the acreage dedicated in triplicate for each zone.

We also need the packer-leakage test results in triplicate.

If there are questions, please contact us.

Yours very truly,

A. R. Kendrick  
Engineer, District #3

Re: Western Petroleum Corporation  
Lease # 1000  
W-1000-1000

Dear Sir:

The Western Petroleum Corporation is requested to submit a plan of operations for the lease within 30 days of the date of this letter. The plan should include a description of the lease, a description of the operations to be conducted, and a description of the equipment to be used. The plan should also include a description of the personnel to be employed and a description of the safety measures to be taken. The plan should be submitted to the Oil Conservation Commission for review and approval.

We will need the backer-tractor unit and the backer-tractor unit.

If there are questions, please contact us.

Very truly,  
Your obedient servant,

A. G. Kerner  
Engineer, District #3
