Re: C.M. Morris #2
L Sec11-T27N-R10W
San Juan Co., NM

Steve:

McKenzie Methane assumed operations of the C.M. Morris #2 well 3/15/90 from Mobil Oil Co. This open hole Pictured Cliffs well was drilled in 1951 and produced 951 MMSCF until temporary abandonment 7/88. McKenzie plans to P & A this well ASAP according to the attached procedure.
