*Re: 1960 Deliverability Test  
C.A. McAdams #2, Fulcher-Kutz  
Pictured Cliffs Field*

*Dear Mr. Speer:*

*Reference is made to your letter of July 29, 1960 regarding the above well, with attachments showing past production history. The information which you have furnished conclusively shows that the 1959 deliverability test was not representative of this well's producing capacity. We are, therefore, correcting the allowable to the 1960 deliverability test effective upon date of receipt of your 1960 deliverability test. A supplement will be made showing this correction and you will be mailed a copy.*

*Yours very truly*
