(NOTE: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)			
17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*			

Southwest Production Company proposes to swab Graham Federal Well No. 1 and check potential gas production. If production potential is satisfactory, the well will be repaired and put back into production. This work will be performed in the fall after the Indian Harvest. The well is on a NAPI farm under jurisdiction of the Bureau of Reclamation Navajo Irrigation Project and the property is currently under irrigation.

Approved subject to a Sundry Notice of Intent to Repair or to Plug and Abandon be received by this office no later than November 30, 1982
