DEPCO, Inc.  
Proposal to Drill  
Hancock No. 8A  
NW-NE, Sec. 12, T27N, R12W  
San Juan County, New Mexico

### DEVELOPMENT PLAN FOR SURFACE USE

1. Existing Roads:  
The location of proposed Hancock No. 8A well is 810' FNL, 1665' FEL, Sec. 12, T27N, R12W, San Juan County, New Mexico. It is 7 miles south of Bloomfield, New Mexico, on Route 44; thence southwest 2½ miles on graveled roads to the location. (See exhibits No. 1 & 2).
2. Planned Access Road:  
Access to the location will be on temporary pasture road. Gravel and blading will be kept to a minimum while drilling.
3. Location of Existing Wells:  
See exhibit No. 2 for location of surrounding Pictured Cliffs gas wells.
4. Lateral Roads to Location:  
See exhibit No. 2
5. Location of Tank Batteries and Flowlines:  
Well will be tied in to the nearest gathering system point. No tank battery will be needed.
6. Location and Type of Water Supply:  
Fresh water for drilling will be hauled in by tank truck by drilling contractor.
