

Memo

From

DOROTHY

7-4-97

To CONOCO:

RE: State Com AI #33E, D-32-27N-9W

The attach sundry has Dakota was plugged with CIBP @ 6600 and cement on top. Reports are being sent with Basin Dakota.

Tubing was set for Gallup formation, but we never received a completion report. (form 105)

Thanks,

Oil Conservation Division

Aztec, New Mexico
