13. Describe Proposed Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Louis Dreyfus Natural Gas requests that this well remains on long term shut-in status. A casing integrity test was performed on this well August 8, 1995 at a cost of \$2,635. Mr. Jim Morris, with the BLM, witnessed this casing test. At this time there is still not a pipeline available for this well. We would like to continue the status on this well without having to spend any money on another integrity test.
