PACKER-SETTING AFFIDAVIT
(Dual Completions)

STATE OF New Mexico)
County of San Juan) ss

E. E. Robinson, being first duly sworn according to law, upon his oath deposes and says:

That he is of lawful age and has full knowledge of the facts herein below set out.

That he is employed by Schlumberger Well Surveying Corp. in the capacity of Engineer and as such is its authorized agent.

That on February 1, 1959, he personally supervised the setting of a Packer 415-92 2-1 in Unsat International Petro. Corp.'s
(Make and Type of Packer) (Operator)

Sinco Pitz Federal Well No. 1-1, located in Unit
(lease)
Letter _____, Section 30, Township 28N, Range 10E, NMPM,
San Juan County, New Mexico.

That said packer was set at a subsurface depth of 6385' feet,
said depth measurement having been furnished by SSC - ore large cells GSN.

That the purpose of setting this packer was to effect a seal in the annular space between the two strings of pipe where the packer was set so as to prevent the commingling, within the well-bore, of fluids produced from a stratum below the packer with fluids produced from a stratum above the packer. That this packer was properly set and that it did, when set, effectively and absolutely seal off the annular space between the two strings of pipe where it was set in such manner as that it prevented any movement of fluids across the packer.

Schlumberger Well Surveying Corporation
(Company)

E. E. Robinson
(its Agent)

Subscribed and sworn to before me this the 3rd day of March, AD, 1959.

Nancy M. Roberts
Notary Public in and for the County
of San Juan Colorado

My Commission Expires My Commission expires October 10, 1962
