Gentlemen:

Your Kutz Federal "A: #1 well in K-32-28N-10W was assigned an initial allowable on August 16, 1959. Oil Conservation Commission rules require that a gas-oil ratio test be conducted between 30 and 60 days after completion and submitted to this office not later than 10 days thereafter.

We have not received a gas-oil ratio test on this well as of this date and for that reason have not given the well a December allowable. Will you please submit this test immediately in order to avoid further loss of allowable.

Yours very truly

*Emery C. Arnold
Supervisor, District #3*
