Ted M. White & Hugh McMillan
1620 Gate Road
El Paso, Texas

Att: Mr. H.H. Lines

Dear Sir:

We are enclosing a supply of Gas Well Plats, so that you can re-submit on your #1 Cole well in the SE 35-28N-10W. Outline the quarter-section dedicated and indicate the number of acres.

We have today received Forms C-104 on the well and all that is lacking now are the Gas Well Plats and Deliverability Test. In order to insure that your well will be placed on the first proration schedule I believe it would be a good idea for you to write Mr. Elvis A. Utz, Gas Engineer, Box 871, Oil Conservation Commission Santa Fe stating that this well has been scheduled for Deliverability Test and the approximate date the test will be in our hands. Please send a copy of your letter to this office.

Yours very truly

Emery C. Arnold
Oil & Gas Inspector, Dist. #3
