We are applying for an extension on our long term shut-in, which expires on 24 of November, 1990. The reasons that we gave for our first shut-in are still valid, so I won't repeat them. If The gas take from the area improves enough, to make the economics good enough, We will attempt one more time to produce it.

I would like to have at least a one year extension, because it is too late this year to try anything.

Thank you for your cooperation, I am,

yours truly;
