tinent to this work.)*

We are applying for an extension on our long term shut-in, which
expires on 24 of November, 1991. The reasons that we gave for our
first shut-in are still valid, so I won't repeat them. If The gas take from
the area improves enough, to make the economics good enough, We
will attempt one more time to produce it.

I would like to have at least a one year extension, because
it is too late this year to try anything.

Thank you for your cooperation, I am,

yours truly;
