13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Amoco Production Company has recently reprioritized the wells with bradenhead pressure and due to other wells being more critical, this well was listed as a lower priority well. At this time, it is estimated that the work on this well may proceed prior to the third quarter of 1994.
