

NEW MEXICO
OIL CONSERVATION COMMISSION
AZTEC, NEW MEXICO

March 7, 1955

Kutz Canyon Oil & Gas Co.
U.S. National Bank Building
Denver 2, Colorado

Att: Mr. J.F. Seaton

Dear Sir:

We are enclosing several gas well plats to be used for the purpose/your of filing
dedicated acreage with this office on your #1 Kutz Canyon well in the
SW/4 Section 20-28N-10W.

Please outline on the face of the plat the exact acreage to be dedicated
to this well and fill in the number of acres in the blank as indicated.
Also please show land ownership, i.e. Federal, State or Patented.

We regret that it was necessary to notify the pipeline company to shut this
well in but we had previously notified you by letter of January 18, 1955
what information would be needed, including gas well plats, and had never
received the same. Therefore it was impossible for us to arrive at the
acreage factor for your well to be used in the proration formula.

We will assign you a supplemental allowable immediately upon receipt of
the gas well Plat in triplicate.

Yours very truly

Emery C. Arnold
Supervisor, District #3
