*Gentlemen:*

*Dakota proration will go into effect in the San Juan Basin February 1, 1961. Proration units were established on a 320-acre basis and we note that we have on file for your #1 Kutz Federal well in Unit N, Section 22-23N-10W an acreage dedication plat allocating 160 acres. We presume that you wish to dedicate a full proration unit to this well.*

*Will you please re-file Form C-128, Acreage Dedication Plat, indicating what acreage is to be dedicated.*

*Yours very truly,*

Mr. J. W. Gentry  
First National Bank Building  
Albuquerque, New Mexico

Dear Sir:

Enclosed for you are two copies of a report on the oil and gas potential of the 100-acre tract located on the corner of 1st and 2nd Streets, N.E., Albuquerque, New Mexico. This tract is located on the corner of 1st and 2nd Streets, N.E., Albuquerque, New Mexico. The report contains a detailed description of the tract and its potential for oil and gas production. It also contains a list of the wells on the tract and a description of the geology of the area. The report is being submitted to you for your information and for your use in making decisions regarding the development of the tract.

Very truly yours,

W. J. Gentry, Jr.  
Director, Division of Oil and Gas
