Well No. 5-B is located 900 ft. from 144 line and 1000 ft. from E line of sec. 20

1/4 Section 20  
(1/4 Sec. and Sec. No.)

20N  
(Twp.)

7E  
(Range)

NMNM  
(Meridian)

Artec P.C.  
(Field)

San Juan  
(County or Subdivision)

New Mexico  
(State or Territory)

The elevation of the derrick floor above sea level is 5934 ft.

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

It is intended to drill a well thru the Pictured Cliff formation using rotary tools to the casing point and to drill the pay section with cable tools and to water fracture the entire pay section. Est. T.D. 2200'.

Casing Program:

9 5/8" at 120' with 125 sacks regular cement circulated to surface  
5 1/2" at 2200' with 75 sacks regular cement, 75 sacks foam

The SE/4 of Section 20 is dedicated to this well.  
SE/4 of 077106.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

There is a growing emphasis on the importance of the role of the family in the development of the child. The family is the primary socialization agent for the child, and its structure and functioning have a profound influence on the child's development. The family is also the primary source of emotional support and security for the child. The family is the first and most important social environment for the child, and its influence is lifelong. The family is the primary source of the child's identity and self-concept. The family is the primary source of the child's values and beliefs. The family is the primary source of the child's social skills and social behavior. The family is the primary source of the child's emotional and psychological well-being. The family is the primary source of the child's physical and mental health. The family is the primary source of the child's education and learning. The family is the primary source of the child's social and cultural heritage. The family is the primary source of the child's future success and happiness. The family is the primary source of the child's life and meaning. The family is the primary source of the child's love and affection. The family is the primary source of the child's hope and dreams. The family is the primary source of the child's faith and belief. The family is the primary source of the child's strength and courage. The family is the primary source of the child's resilience and perseverance. The family is the primary source of the child's compassion and empathy. The family is the primary source of the child's kindness and generosity. The family is the primary source of the child's honesty and integrity. The family is the primary source of the child's respect and dignity. The family is the primary source of the child's freedom and independence. The family is the primary source of the child's responsibility and accountability. The family is the primary source of the child's leadership and influence. The family is the primary source of the child's creativity and innovation. The family is the primary source of the child's passion and enthusiasm. The family is the primary source of the child's joy and happiness. The family is the primary source of the child's love and life.
