BUREAU OF LAND MANAGEMENT
WASHINGTON, D.C. 20250

LAND ACQUISITION AND MANAGEMENT

The Bureau of Land Management (BLM) is responsible for managing the public lands of the United States. This includes the acquisition, management, and disposal of land. The BLM is committed to the responsible and efficient use of the public lands, and to the protection of the environment. The BLM is also committed to the protection of the interests of the people of the United States.

The BLM is currently conducting a study of the public lands in the State of California. The study is being conducted in order to determine the best way to manage the public lands in the State of California. The study is being conducted in order to determine the best way to manage the public lands in the State of California.
