Gentlemen:

Our records do not reflect that administrative approval on the non-standard unit consisting of 163.12 acres, being the SW $\frac{1}{4}$ 18-28N-10W has ever been secured from Mr. Macey. At any rate, if administrative approval has been given, we have never received notification from Santa Fe. Will you please give the matter your attention and let us know what you find out?

Yours very truly,

Dear Sir:

We have received your letter of January 24, 1934, regarding the proposed lease for the oil and gas rights in the 1/4 section of the SW 1/4 of Section 10, Township 10N, Range 10E, New Mexico. As you are aware, the proposed lease is for a period of 10 years, and the proposed royalty is 10% of the net proceeds from the production of oil and gas. We have reviewed the proposed lease and find it to be in accordance with the provisions of the New Mexico Oil and Gas Act. We have also reviewed the proposed royalty and find it to be reasonable. We have no objection to the proposed lease and royalty.

Very truly,
Yours,

W. M. Whelan
