NEW MEXICO OIL CONSERVATION COMMISSION  
CASE NO. 4969, MAY 23, 1973 DOCKET  
AMOCO APPLICATION FOR A SPECIAL  
DEPTH BRACKET ALLOWABLE  
TOCITO DOME PENN. "D" OIL POOL  
SAN JUAN COUNTY, NEW MEXICO

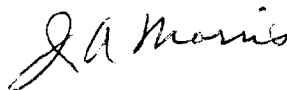

Gentlemen:

Mobil Oil Corporation has reviewed Amoco's request for a special depth bracket allowable of 764 barrels of oil per day for the Tocito Dome Pennsylvanian "D" Oil Pool in San Juan County, New Mexico.

Due to the complex nature of the subject reservoir, we find it difficult to predict what effects Amoco's proposed increased withdrawals may have on the remaining life and productivity of the Tocito Dome Penn. "D" Pool.

If the Commission does choose to rule in favor of Amoco's request for increased withdrawals in the subject pool; Mobil respectfully requests that such approval be granted on a temporary basis, for possibly six months, to permit observation of effects on the reservoir. At the end of the temporary period, Mobil would further recommend that consideration for extension be only given after notice and hearing.

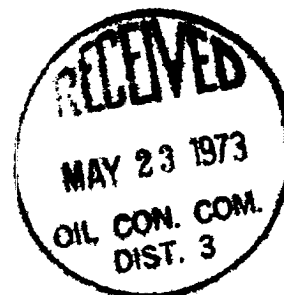

Yours very truly,

J. A. Morris  
Production Engineering Supervisor
