APR 20 1998
OIL CON. DIV.
DIST. 3

Dear Mr. Brink:

We have received the well test information that was requested March 10, 1998 on the above referenced well. The well test verifies the fixed allocation percentages that were submitted on your Application for Downhole Commingling dated January 16, 1998. We hereby approve your Application for Downhole Commingling and the submitted allocation factors for the Pictured Cliffs and Chacra Formations. This approval is contingent upon Taurus Exploration USA Inc. submitting and receiving approval for a Designation of Successor Operator on Communitization Agreement No. NMNM76045 (SRM1473). The effective date for downhole commingling will be March 27, 1998. The approved allocation factors are:

Formation	GAS	OIL
Chacra	60%	0%
Pictured Cliffs	40%	0%

If you have any questions please contact Wayne Townsend with this office at (505) 599-6359.

Sincerely,

/s/ Duane W. Spencer
