13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

This is in response to your letter denying our request to Temporarily Abandon the Ohio Gov't No. 2E.

Marathon Oil Company respectfully request to Temporarily Abandon the Ohio Gov't No. 2E. The recent workover was unsuccessful in restoring economical production from the Basin Dakota. A CIBP was set at 6025' and tested to 500 psi (held OK). The test was witnessed by Henry Vallaneuva an OCD oil & gas inspector. This well has recompleat potential uphole in either the Gallup or Fruitland Coal. An evaluation of these zones in this area will be started as manpower is available. Due to current manpower and work load, this evaluation is expected to be completed in the 1st half of 2001.
