

SANTA FE, NEW MEXICO
PACKER-SETTING AFFIDAVIT
(Dual Completion)

STATE OF New Mexico)
)
COUNTY OF San Juan)

Marvin R. Kruschke, being first dually sworn according to law upon his oath deposes and says:

That he is of lawful age and has full knowledge of the facts herein below set out.

That he is employed by Baker Packers in the capacity of
Office Manager and as such as its authorized agent.

That on March 28, 19 83, he personally supervised the setting of
a 7" Baker Model "D" in Union Texas Petroleum
(Make and Type of Packer) (Operator)
Corporation's Angel Peak "B" Well No. 22-E, located in Unit Letter
F, Section 13, Township 28N, Range 11W,
N.M.P.M., San Juan County, New Mexico.

That said packer was set at a subsurface depth of 6207 feet, said depth
measurement having been furnished by O.B. Whitenburg.

That the purpose of setting this packer was to effect a seal in the annular space between the two strings of pipe where the packer was set so as to prevent the commingling, within the well-bore, of fluids produced from a stratum below the packer with fluids produced from a stratum above the packer. That this packer was properly set and that it did, when set, effectively and absolutely seal off the annular space between the two strings of pipe where it was set in such manner as to prevent any movement of fluids across the packer.
