Dear Mr. Porter:

Pacific Northwest Pipeline Corporation is requesting a non-standard gas proration unit for our Indian A #1 located 990' from the north line and 990' from the east line of Section 29, Township 29N, Range 3W, Rio Arriba County, New Mexico.

Indian A #1 is in the Blanco Mesaverde Pool. The E/2 of Section 29 is dedicated to the well. This drilling block contains 314.42 acres, this is caused by a variation in the legal sub-division.

Pacific Northwest Pipeline Corporation holds leases on all of Section 29 and also the leases on all surrounding offset acreage.

Yours very truly,
