13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this zone.)

On November 11, 1998 Mallon Oil Company received an approved APD for the Jicarilla 451-3 No. 4. This approval was to a depth of 4500' to the Pictured Cliffs formation.

However due to evaluation Mallon Oil Company submitted a sundry dated October 22, 1999 requesting a name change to 451-3 SJ No. 4, TD was changed to 2100' and surface casing size to 4-1/2". This sundry was approved on November 4, 1999. (Sundry Attached)

Thus due to further evaluation and exploration Mallon Oil Company would like to request to once again amend the APD to its original status. Therefore we are requesting a name change to Jicarilla 451-3 No. 4. Also would like to request a Total Depth to 4500', and change production casing to 5-1/2" production csg.

14. I hereby certify that the foregoing is true and correct
