Dear Mr. Schillander:

Reference is made to your letter of May 6 regarding acreage dedication on your #1 Douthit well located in the SE/SE Section 33-28N-13W. We cannot assign this well an allowable until an acreage dedication plat showing a 40-acre dedication is on file.

As you point out, this rule may be changed in the Gallegos-Gallup area by the hearing that is coming up in June. However, as your well is at present approximately 5 miles from the nearest production in the Gallegos-Gallup Pool it probably will not come under Gallegos-Gallup Pool rules until further development has taken place in the area between your well and the Gallegos-Gallup Pool.

If we can be of any further service, please contact me.

Yours very truly,

Emery C. Arnold
