*Re: Pan American #103 Gallegos
Canyon Unit, F-23-28N-13W
Cha Cha-Gallup Oil Pool*

Dear Mr. Speer:

The Notice of Intention to Drill subject well does not indicate that the Pictured Cliffs Formation will be covered with cement behind the casing. Since this well is within one mile of the West Kutz-Pictured Cliffs Pool, that formation must be protected.

Yours very truly

Re: Oil Conservation #105
Oregon (1957) 17-23-24-13
1000 Rio Brazos Road

Dear Mr. Brown:

The Office of Conservation is very pleased to hear that the
oil conservation district will be covered with cement
paving the road. Since this well is within one mile of the
1000 Rio Brazos Road, that formation must be protected.

Sincerely,
J. W. Brown
