13. Describe Proposed or Completed Operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

On 5/20/1999, Amoco Production Company filed a request for permission to add a completion in the Pinon Gallup formation and commingle production with the existing Dakota formation downhole. Approval was granted 06/07/1999. As of this date the planned completion and downhole commingling process has not been initiated. It is our intention to begin this process during the forth quarter of this year. Prior to that time an amended application for permission to add the Gallup formation and downhole commingle will be submitted. We anticipate that such application will be submitted for approval during the third quarter of this year.
