RE: Temporarily Abandoned Wells
San Juan 29-6 #47, B-28-29N-6W (DK)

To Whom It May Concern:

Our records indicate that the above well is inactive and requires P&A or TA approval under Rules 201, 202 and 203. Please review your records and contact this office indicating the current status of this well. Plans to bring this well into compliance are to be submitted by June 1, 1993 and work completed by December 31, 1993. Rule 203 requires that a notice of intent to temporarily abandon a well be submitted on a Sundry Notice (OCD form C-103), and that a mechanical integrity test (MIT) be conducted on the casing prior to final approval. If there is a notice of intent to P&A filed and approved for this well, the work is to be completed by December 31, 1993.

If you have any questions, please feel free to contact this office.

Yours truly,

Dianna K. Fairhurst
