Bay Petroleum Corp.
Box 957
Denver, Colorado

Gentlemen:

We note from checking our files that the only form which has been filed on Bay Petroleum #1 Manning-State in Section 2-29N-7W is a Notice of Intention to Drill.

Will you please file Forms C-103 as indicated by Rule 1106, Rules & Regulations, Oil Conservation Commission, giving the information indicated by this rule.

As you will note, all information on operations performed should be reported within 10 days after each operation is performed. As this well was spudded some time in October, 1952 and no subsequent reports have been received, you appear to be some 90 days delinquent in reports. Will you please give this matter your attention?

Yours very truly,
