If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

There seems to be some discrepancy in regard to the API number and the filing of the 3160 Monthly Report of Operations w/ MMS.

I have double checked with the Oil and Gas Commission of the State of New Mexico, and the correct API number for this well is 30-039-24553. Please adjust your records if necessary.
