13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Reference is made to the well completion report we filed on 1-11-93 on the above mentioned well, which was approved for record on 1-25-93. In section 33 of the form, production is reported, and the date of test was recorded as 1-4-92 and should have been reported as 1-4-93. This was just a typing error and we would like the record to show that the correct date has been filed with the BLM as 1-4-93.
