RE: 29-6 #225R
SW/4 Section 13, T29N-R5W
Rio Arriba County, NM

Dear Mr. Smith:

This will serve as notification of Phillips' plans to connect the referenced well to the gas gathering system in Section 13. Construction is scheduled to begin in early September 1995 and involve approximately 1,095 ft. (66.36 rods) of 4-5/8 inch pipeline. Our Farmington office will be requested to contact you when a specific date is determined to begin construction.

Upon completion of construction and submission to this office of an as-built survey, I will send you payment based on \$20 per rod under terms of the 1/31/92 Right of Way Grant.

Should there be any questions, please contact this office.

Very truly yours,

WILLIAM O. HASTINGS
806/342-2403
