17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

In order to improve the mechanical condition of the well and increase its producing ability it is planned to do the following work:

Test the 7" casing and repair leaks by squeezing cement or perforate 7" casing opposite the base of the Ojo Alamo and block squeeze w/cement.

Clean out the existing open hole or side-track and drill a new hole through the Mesa Verde pay and set 4 1/2" production casing.

Selectively perforate and sand-water fracture the Mesa Verde pay.

Run tubing.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
